

## Statement on adverse sustainability impacts according to Article 4 Sustainable Finance Disclosure Regulation (SFDR)

### **No consideration of adverse impacts of investment decisions on sustainability factors**

Due to the insufficient availability of data to determine and weight the most important adverse sustainability impacts and indicators as well as pending legal provisions, Moventum Asset Management S.A. has decided not to consider the adverse sustainability impacts for the time being in accordance with Article 4(1)(b) of the Disclosure Regulation EU 2019/2088. As soon as the legal provisions have been finalised and sufficient data quality is available, Moventum Asset Management S.A. will review these and plan any possible implementations.
